February 23, 2017

WHEREAS, the LIRR and MTA have issued a Draft Environmental Impact Statement (“DEIS”) in connection with the Third Track Project (the “Project”), that affects the communities situated along the LIRR mainline (the “Mainline Communities”); and

WHEREAS, the Mainline Communities include at least six (6) villages that are members of the NCVOA; and

WHEREAS, the Mainline Villages have participated in the SEQRA process, and many have submitted formal comments to the DEIS that outline the concerns and comments to the DEIS that their respective communities have with respect to the Project (including the comments and concerns outlined by consultants, attorneys and other professionals on behalf of some of the Mainline Communities); and

WHEREAS, the Mainline Villages have requested that NCVOA support their efforts to have the DEIS revised to address additional identified comments and concerns.

NOW, THEREFORE, BE IT

RESOLVED, that NCVOA hereby supports the requests made by the Mainline Villages, that the LIRR/MTA revise the DEIS to address all legitimate and reasonable comments and concerns raised by the Mainline Villages and their respective residents and stakeholders; and consultants.

FURTHER RESOLVED, that the executive director and President of NCVOA are hereby authorized to send a letter to the Governor, LIRR and MTA urging that the LIRR/MTA address each legitimate and reasonable comment and concern that has been raised by the Mainline Villages, and that the DEIS or Final Environmental Impact Statement include reasonable, adequate and appropriate mitigation of all adverse impacts identified in the DEIS or identified by the Mainline Communities (or their consultants, attorneys and professionals).
