- The hotel was moved to the front of the grandstand and is now approximately 150 feet as opposed to the prior proposal of 250 feet;
- Most of the retail shops will be on the south parking lot;
- The north lot will be used for overflow parking;
- It appears that the proposed substation will no longer be located behind the Floral Park-Bellerose School, although an alternative location was not provide as it was still being researched;
- They will not be using the Plainfield Avenue exit;
- The ESD and NYAP have been discussing their plans with NYRA along with NYRA's plans. No further details were provided;
- When asked to answer the question would they be willing to write in any lease provided to NYAP that there would not be any form of casino gambling, VLTs, table games, sports book, etc. allowed at the site and the ESD unequivocally stated "yes".

Lastly, Trustee Fitzgerald thanked the members of the Belmont Task Force along with Beveridge & Diamond for their assistance in formulating the over 250 questions that were submitted on the scoping document. Our submission, along with Beveridge & Diamond's submission, can be found on our website. Based on the aforementioned questions submitted and the seemingly growing project, we still have serious concerns about the project and its potential negative impact on Floral Park.

Thanks to all in the FPF.

Looking to the future of the Department, new officers of the Explorers program will be sworn in on Sunday, May 6th. Members of the Explorers program, girls and boys between the ages of 14 and 18, are trained in basic fire suppression techniques and emergency medical services skills by Ex-Captain Larry Goerke and other expert Department advisors. Our Explorers all receive uniforms and training; meet and drill on a regular basis; and get the satisfaction of helping their neighbors by assisting at the scenes. Many Explorers go on to successful volunteer service as a firefighter or EMT in our Department.
