

ARCHITECTURAL REVIEW BOARD

SIGN, AWNING AND/OR STOREFRONT REVIEW

GUIDELINES AND REQUIREMENTS

The following is a guide to assist you in obtaining Sign, Awning and/or Storefront approval for your project. Any questions regarding the process can be answered from 8:30 am – 4:30 pm, Monday to Friday by contacting the Building Department at 516.326.6319 or FPBuildings@FPVillage.org
The Building Department is located at 1 Pool and Garage Road, Floral Park, NY

General Information:

Incomplete applications will not be accepted

The Architectural Review Board consists of local volunteers who are responsible for reviewing and approving all exterior building elements in our community, including signs, awnings and storefronts. The purpose of the Board is to protect property values, create a more attractive economy and business climate, enhance and protect the physical appearance of the community, preserve the architectural character of buildings, preserve the scenic and natural beauty of designated areas and to provide a more enjoyable and pleasing community.

The Board typically meets on the fourth Wednesday of each month, applications must be submitted a minimum two weeks prior to the meeting date. All applications are reviewed considering the entire façade including relationships to the neighboring buildings and signs.

Architectural Review Board Guidelines:

Our Board has the important responsibility of overseeing the aesthetics of all new construction, exterior alterations, facades and approval of all business signs and awnings.

It is not the practice of this Board to tell a store owner what kind of sign should be constructed; we will however honor your request for some guidance as to what would be acceptable.

The following signs have been approved by the Board and will give you some idea of what we will find acceptable. If you will take some time to view these signs, you may get an idea of a sign for your business. You will notice that they range in detail and complexity:

K Hunter Boutique	59 Covert Avenue
Comprehensive Eye	342 Jericho Turnpike
Katzman Orthopedics	261 Jericho Turnpike
Buttercooky Bakery	217 Jericho Turnpike
Swing the Teapot	6 Verbena Avenue
Floral Park Diner	140 Tulip Avenue

We would suggest that if any of these signs appeal to you, that you contact the owner of the premises and ask for the name of the consultant or the sign company who helped design the sign.

Erecting a sign in a manner not approved by the Architectural Review Board is a violation of the Village Zoning Code and may result in a fine and court appearance ticket being issued.

Please note that once your project is approved by the Board, it is still necessary to take out a permit. The permit will need to be approved and issued before the work can begin. Signs and replacement awning fabric will require a sign permit application. Storefront systems and new awning structures will require a building permit application and must include drawings signed and sealed by a NYS licensed professional.

Once the installation is complete, you must contact the Building Department at 516.326.6319 to have it inspected for compliance.

Additional information regarding business sign regulations can be found within the Village Code.

ARCHITECTURAL REVIEW BOARD

SIGN, AWNING AND/OR STOREFRONT REVIEW
