Floral Park Village Items

Vol. 27 No. 1

Published by the Inc. Village of Floral Park

December 2021

Message from Mayor Kevin M. Fitzgerald

Dear Friends,

As another eventful year comes to a close, I would like to recap some of the highlights and achievements that our Village accomplished during the year. These items have allowed our Village to not only remain a great place to live, work and raise a family today but they also ensure that future generations will be able to keep that commitment alive. It is important to acknowledge that all of these items are the work of a team that works collaboratively to ensure the projects have a successful completion. Our entire Village community has benefited from the hard work and dedication of all our Village employees as well as hundreds of volunteers who serve on committees or play an active role in our Fire Department. A few of the items that are of particular interest in highlighting are:

- We saw increased community spirit in 2021 as long-standing events and traditions (e.g. Tree Lighting, block parties, attendance at the pool, etc.) were reignited this year with the same, if not better, attendance than pre 2020;
- Floral Park continues to be ranked near the top in all surveys for the safest communities in New York. This is a testament to the tremendous job that the men and women of the Floral Park Police Department do, 24 hours a day, and 365 days a year;
- Due to various retirements, our Police Department hired new officers while promoting from within the ranks a new sergeant and a new detective;
- Based on community input, our Police Department implemented a new School Speed Limit zone on Plainfield Avenue near Floral Park Memorial High School and Our Lady of Victory School as well as on Floral Boulevard near Floral Park-Bellerose School;
- The Village passed a local law to “opt-out” of allowing licenses for establishments to sell cannabis or allowing on-site cannabis consumption at any establishment. Additionally, the Village passed another local law prohibiting the smoking, vaping or consumption of tobacco or cannabis products on all Village owned or leased properties;
- For the first time since New York State instituted the Downtown Revitalization Initiative, the Village of Floral Park made a submission for the \$10 million grant. The submission was driven mainly by the input by our Streetscape Advancement Committee;
- The Village passed a local law that will require vacant storefronts to place in their windows Village approved coverings;
- For our senior citizens we reduced the required paper work that they need to file for the senior tax exemption after 5 consecutive years with no change in their annual filing;
- Thanks to the dedication and creativity of our Library staff and Library Board, the Floral Park Library was voted “Best Library in Nassau County”;

Recreation Winter Program Information Inside

- We continued our annual road program which included in 2021 a total reconstruction of Floral Boulevard with funds from our Third Track Project Memorandum of Understanding with the Long Island Rail Road and we repaved a significant portion of the Colonial Gardens section (Hill/Fern/Orchid/Revere Drive/Marshall) with funds from the State and an agreement with National Grid;
- We installed new LED street lights throughout the Village, which will not only save money due to their efficient nature, they also provide better illumination on our Village streets and sidewalks; and
- We built a new salt shed in the pool parking lot which replaced the long outdated existing one.

As we look ahead to 2022, we will continue to work with the Empire State Development Corp. to lessen the impacts of the arena at Belmont within our Village. Since the opening we have been able to mitigate some of the impacts but still have a ways to go including potential impacts when the proposed mall opens. Additionally, we continue to work with the MTA and 3TC contractors to close out the remaining pieces of the 3rd Track project within the boundaries of Floral Park.

I would be remiss if I did not also thank Mayor Dominick Longobardi whose term ended in March of this year and my fellow Board members for the time, dedication and enthusiasm that they bring to their respective roles each day.

As always, if you have any questions or suggestions there are many outlets in which these can be brought forth. Some of those are the monthly Civic Association meetings at which at least one Village Trustee is in attendance and provides updates, participation in the bi-weekly Board meetings, whether it be in person or via Zoom, and as always, the Mayor's hotline (516-326-6300).

On behalf of the entire Village Board and our entire Village Staff, we wish you and your families a very Merry Christmas, a wonderful Holiday season and a Happy and Healthy New Year!

Mayor Kevin M. Fitzgerald

Library

Pat Eren, Director

This year, our library was voted the #1 library in Nassau County. This is in part due to the dedicated commitment of staff members as well as to the unwavering support of our patrons. Thanks to your support and backing, our library continues to grow and offer a wider variety of programs while expanding the collections. We truly are not just books as this year we launched our "Library of Things". You can now check out a guitar, a microscope, a telescope and much more. All it takes is a library card. We believe our library has something for everyone. Check out our homepage at www.floralparklibrary.org or stop in, say hello and pick up the most recent copy of our newsletter.

Federal, State, County and Town Elected Officials

Floral Park is an incorporated village, and we are lucky to have our own Mayor and Village Board to address our local concerns and issues. However, many issues that impact Floral Park involve, or are controlled by, other layers of government.

For instance, the development and operation of the new arena and other development at Belmont Park is a good example. Nearly all of the development is outside the Village and located in the Town of Hempstead and also under the jurisdiction of many Nassau County agencies. Also, the Belmont Park property is owned and controlled by New York State and the Empire State Development Corp., which oversees the development and operation of the arena, is a New York State agency. In addition to letting the Mayor and Board in Floral Park know your concerns about Belmont, you have every right to let your Town of Hempstead, Nassau County and New York State representatives know your concerns as well.

Another good example is air traffic. Air traffic at Kennedy Airport and helicopter traffic are issues that are most directly controlled on the federal (through the FAA) and on the New York State (through the Port Authority) levels. It is a good idea to let your State and Federal representatives know your concerns about air traffic as well as letting your Village officials know.

Below is a list of the Federal, State, County and Town elected officials who represent Floral Park. This January there will be several new representatives at the Town and County levels. If you have a question as to whom to contact about a particular issue, feel free to call the Village at 516-326-6300 and we will do our best to direct you as to who is the appropriate representative to contact. And if it is an issue that impacts not just you but also impacts your neighbors in Floral Park, let the Village know so we can advocate on your behalf as well.

ENERGY SAVINGS PERFORMANCE REVIEW

The Village has contracted with Johnson Controls to provide an evaluation of the Village owned buildings and properties with the hopes to enter into an full Energy Savings Performance Contract. An Energy Savings Performance Contracting is a budget-neutral approach to make building improvements that reduce energy and water use and increase operational efficiency. By partnering with an energy service company such as Johnson Controls, the Village can use the measures to pay for today's facility upgrades with tomorrow's energy savings without tapping into capital budgets.

Measures under evaluation include possible LED interior and exterior lighting replacement, solar panels, building and pipe insulation, and the replacement of inefficient heating and air conditioning equipment. The evaluation phase is expected to be completed by early next year. A representative from Johnson Controls will share the information gathered at a public meeting, date TBD.

POLICE DEPARTMENT

Stephen McAllister, Commissioner

In 2018, the Nassau County Police Department purchased a Motorola product (Premier One or P1) for use as its primary Records Management System (RMS). To enhance county-wide interconnectivity, this system was offered at no cost to all local police agencies in the County. The Floral Park Police Department connected to the NCPD RMS in October and was the first agency in the County to take advantage of this proposal. The FPPD had been using an aging RMS system (Impact 2.0) which was introduced in 2001, and would have required a costly update to remain viable. Moving to the P1 RMS makes the transfer of necessary records for prosecution seamless and increases efficiency in meeting our department's obligations with respect to the new statutes under Criminal Justice reform. All of this information, easily collected and visualized together, allows officers to do more patrolling and connect with the citizens they serve as well as provides the necessary clarity for investigators and prosecutors to close more cases.

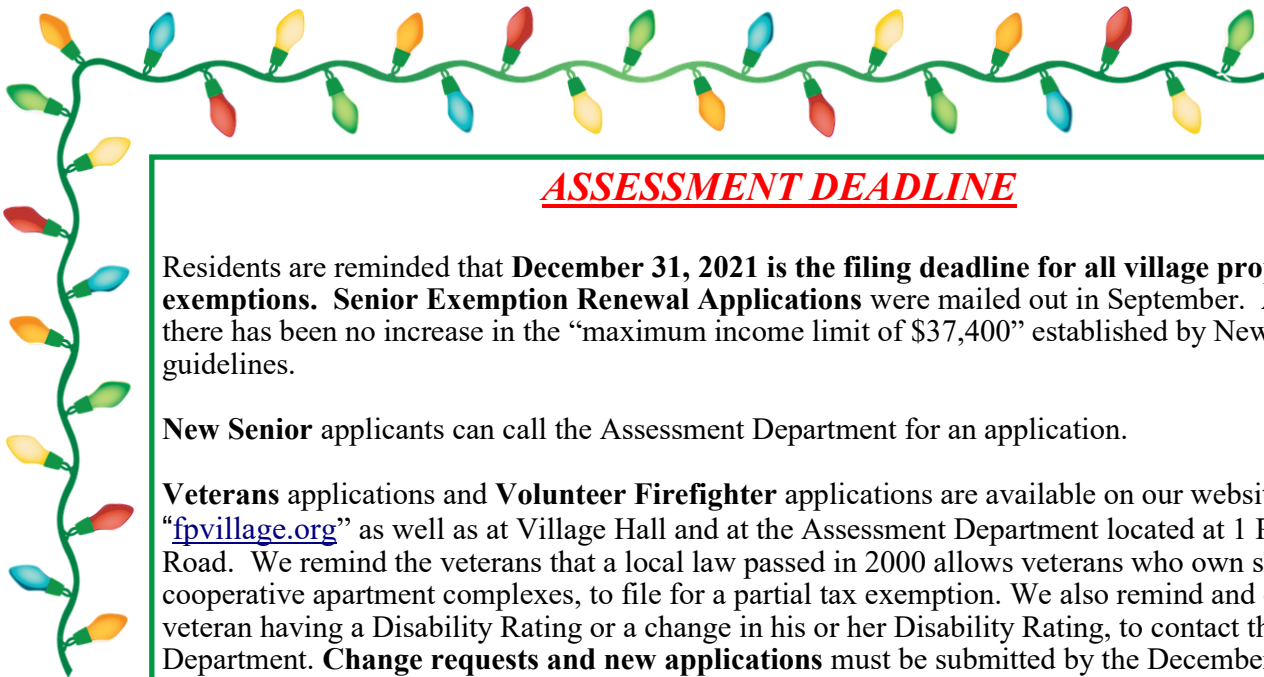

Whereas the RMS maintains records of data concerning criminal, arrest, and enforcement activity, an additional software component, Computer Aided Dispatch (CAD) is the essential database necessary to record all other data. Through CAD, times, places, and types of all incidents, as well as persons involved, officer information, length of assignments, mapping, and a myriad of all other information can be accessed and analyzed to assist in strategic planning and daily operations. The RMS software provided by the NCPD did not include a CAD component. Therefore, compatible CAD software was required to record calls for service and other police activity.

Efficient systems are costly and the ability to seamlessly enhance those systems with new technology capabilities to meet our evolving needs is a necessity. In order to control costs and secure funding for CAD, the FPPD partnered with the Port Washington Police District to jointly purchase the software, as well as share costs of hardware and other expenses associated with successful software integration and efficiency. This collaboration has been approved New York State County-Wide Shared Services Initiative (CWSSI), and the Nassau County Shared Services Panel has been actively engaged in the process and is in support of the project, including it in the 2020 Nassau County Shared Services and Taxpayer Savings Draft Plan. The crucial element for inclusion of this idea in the county plan is its demonstrated capacity to produce continuing operating savings in annual municipal budgets, and therefore reduce the requirements for property tax revenues. As part of this plan, New York State will provide a dollar-for-dollar match on what the departments saves when buying the CAD system together rather than on our own. As a result of this collaboration, the Department expects to save over \$130,000 dollars for the cost of the upgrade and receive qualified funding in excess of \$120,000 through CWSSI. This arrangement is intended to maintain the ability of the FPPD to remain current with our technology and serve the needs of our Village for decades to come, while being as resourceful as possible in seeking ways to keep costs down.

ASSESSMENT DEADLINE

Residents are reminded that **December 31, 2021 is the filing deadline for all village property tax exemptions. Senior Exemption Renewal Applications** were mailed out in September. At this time, there has been no increase in the "maximum income limit of \$37,400" established by New York State guidelines.

New Senior applicants can call the Assessment Department for an application.

Veterans applications and **Volunteer Firefighter** applications are available on our website "fpvillage.org" as well as at Village Hall and at the Assessment Department located at 1 Pool & Garage Road. We remind the veterans that a local law passed in 2000 allows veterans who own shares in cooperative apartment complexes, to file for a partial tax exemption. We also remind and encourage any veteran having a Disability Rating or a change in his or her Disability Rating, to contact the Assessment Department. **Change requests and new applications** must be submitted by the December 31st deadline.

If you are a **new property owner** in the village or you are a property owner who has a **mailing address change, bank change, or have satisfied your mortgage**, please contact the Assessment Department as soon as possible to update our records and direct future tax bills and correspondence to the correct address or bank.
